

Bravadobe Dobermanns have two daughters from our foundation bitch "Chilli" Grand Champion Tornadobe Ruby Tuesday CD ROM " that we expect to mate over the next 12 months.

Billie "Bravadobe The Image" will be mated to Jimmy "Ch Bribet Will E B Good" around December 2001 (details below and over page) and Peppa "Bravadobe Feel The Heat" will be mated to Heath "Jenson Feel The Heat" around January 2002. Further details on these matings can be found at our website at www.bravadobe.com.

We believe strongly in line breeding. As such we carefully select a sire that will bring the attributes we are seeking to improve our lines.

Our first litter, being "The Movie Litter", was an all brown litter that resulted in two males and two females. Our second litter, being "The Chill Litter" produced one black dog, one black bitch and one brown dog. Our last litter was the "Bon Jovi" litter which produced nine beautiful puppies, four brown females, two black females, two black males and one brown male. In the majority of instances, all puppies from these litters were sold well in advance and have found homes in all parts of Australia.

We don't believe in charging exorbitant amounts of money for either pet or show quality animals and this has allowed us to be very selective in choosing the best homes for our puppies.
