

Bravadobe Dobermanns only breeds litters occasionally and generally when we are looking to keep a puppy for ourselves. We believe strongly in line breeding and as such carefully select a sire that will bring the attributes we are seeking to improve and compliment our lines.

We don't believe in charging exorbitant amounts for either pet or show quality animals and this has allowed us to be very selective in choosing the best homes for our puppies. In the majority of instances, all puppies are sold well in advance and have found homes in all parts of Australia.

Our next litter scheduled is an artificial insemination (AI) by Miles "Am Ch Wyndem's Knights Quest" to our special girl Bliss "Champion Bravadobe Divine Destiny". Miles is sired by the great "Am, Can & Int Champion Aeolus Arabian Knight TDI, WAC" and his dam is the stunning "Am, Int Champion Gemini's Christmas Chaos". We imported semen from Miles because of his excellent health statistics being vWD Clear, Thyroid normal and OFA Excellent, along with the magnificent pedigree that his breeding represents. Bliss at the young age of 18 months gained her championship title and is a multi class in show winner. Bliss is a daughter of one of our top bitches Cherri "Champion Bravadobe Cherry Bomb WAC" and our multi Best in Show winning boy Chase Jnr "Grand Champion Dassin Cut To The Chase". We are extremely excited about this union and will be eagerly awaiting the arrival of these puppies. Further information on this litter can be found on the next page.

Early in 2007 it is our intention is to mate our top show bitch Brandi "Champion Bravadobe Bed of Roses" to our up and coming star Memphis "Bravadobe Force Of One". Brandi is multi best in group winner, including the 2006 Western Classic and Winter Festival and obtained her Australian Championship title at 12 months of age. Memphis who has already been awarded best of breed over strong competition from the puppy class, is well on his way to obtaining his championship title. Memphis together with Brandi is expected to produce a very stylish litter of both black/tan and brown/tan puppies.

Thereafter we have an exciting litter planned between our New Zealand import Sunny "Parima Sunny Side Up At Bravadobe (AI)" to Chase "Grand Champion Dassin Cut To The Chase" by artificial insemination. Sunny is the daughter of Best in Show and Best in Specialty Show winning American & Japanese Champion Cambria's Last'N Impression and is the daughter of the stunning multi Best in Show and Best in Specialty Show winning New Zealand Grand Champion Dassin Miss Molly (AI) (Imp AUS). Chase is from the stunning American Champion Winmar's American Gigolo Dassin, imported from the USA. Chase was a multi Best In Show winner at All Breeds Championship shows and also took out the DCWA Inc 2002 awards for and "Best Up and Coming Dobermann" and "Top Show Dobermann". Chase won the DCWA Inc award for "Top Show Dobermann" for 2003 and 2004 making it three consecutive years in a row and equaling the record. We are expecting a litter of both black/tan and brown/tan puppies towards the end of 2007 from this exciting litter.

Further details on any of the abovementioned matings can be found at our website at www.bravadobe.com.au
