

## ***Bravadobe Dobermanns***

aim to produce life time friends for family, obedience and show. With every litter we strive to improve the breed in areas of conformation, health and temperament and as such we line breed where appropriate, utilize proven sires within Australia that compliment and strengthen our lines, import semen from other countries to improve in areas of health and purchase dogs from overseas after years of research to gain access to other attributes we are seeking for the breed. Always with the thought of making forward progress with our breeding program.

We don't believe in charging exorbitant amounts for either pet or show quality animals and this has allowed us to be very selective in choosing the best homes for our puppies. In the majority of instances, all puppies are sold well in advance and have found homes in all parts of Australia. Whether you are interested in a well bred family companion, a sound Dobermann to participate in dog sports or a serious show dog, we welcome your enquiry to see if we can assist you with your individual requirements.

One of our up and coming litters is an artificial insemination (AI) by Miles "American Champion Wyndem's Knights Quest" to one of our top producing girls, Diva "Champion Dassin Diva Las Vegas". Miles is sired by the great "Am, Can & Int Champion Aeolus Arabian Knight TDI, WAC" and his dam is the stunning "American & International Champion Gemini's Christmas Chaos". We imported semen from Miles because of his excellent health statistics being vWD Clear, Thyroid normal and OFA Good, along with the magnificent pedigree that his breeding represents. Diva came to us in January 2005 and was a multi best in show winner and titled in just over four months of showing on the West Australian show circuit. She is an extremely eye catching bitch with a head turning movement and has produced numerous champions.

Miles brings to this union not only excellent health statistics but also an outstanding pedigree representing some of the all time greats such as American Champion Cambria's Cactus Cash and American Champion Rahdy's Sail The Seven Seas. Having already produced one litter of four puppies for us, with all four achieving their Australian Championship titles before the age of 16 months, it has become evident the contribution Miles has brought to our breeding program.

Diva "Champion Dassin Diva Las Vegas" is sired by "Grand Champion Alldobe Strike It Lucky E.T.," who won the 2003 Dobermann National and her dam is the beautiful "Grand Champion Dassin Hill Ov Grace", who is a daughter of "American Champion Winmar's American Gigolo Dassin (Imp USA)". Both of these dogs are exceptional examples of the breed and have passed their great attributes onto their progeny. Diva from her previous two litters has already produced four Australian champions, with three more in the final stretch of obtaining their championship titles.

We are extremely excited about this union and will be eagerly awaiting the arrival of an all black/tan litter mid 2008.
