

At Bravadobe we aim to produce life time friends for family, obedience and show. With every litter, we strive to improve the breed in areas of conformation, health and temperament and as such we line breed where appropriate, utilize proven sires within Australia that compliment and strengthen our lines, import semen from other countries to improve in areas of health and purchase dogs from overseas after years of research to gain access to other attributes we are seeking for the breed. Always with the thought of making forward progress with our breeding program.

We don't believe in charging exorbitant amounts for either pet or show quality animals and this has allowed us to be very selective in choosing the best homes for our puppies. In the majority of instances, all puppies are sold well in advance and have found homes in all parts of Australia and overseas. Whether you are interested in a well bred family companion, a sound Dobermann to participate in dog sports or a serious show dog, we welcome your enquiry to see if we can assist you with your individual requirements.

Viper, born in Croatia, arrived earlier this year into Australia and is currently settling into his new home with us in the Swan Valley. Representing some of Europe's top lines, including his sire, the top producing Fedor Del Nasi, Viper brings to us a well balanced and stable working temperament, outstanding bone, magnificent colouring and great health statistics. We are hopeful and enthusiastic that Viper will pass on his great attributes to his offspring over the years to come and the AC/DC litter is Viper's first litter to our proven producer of quality offspring including numerous champions, Raven "Dassin Dark Angel".

Raven, a best in group and multi class in show winner is the daughter of grand champion parents, the 2003 Dobermann National winner "Grand Champion Alldobe Strike It Lucky ET". Her dam is the beautiful "Grand Champion Dassin Hill Ov Grace", who is a daughter of "American Champion Winmar's American Gigolo Dassin (Imp USA)". Both of these dogs are exceptional examples of the breed and have passed their great attributes onto their progeny. Raven, whilst on the verge of obtaining her Australian Championship title has retired from the show ring and lives a life of luxury with the Lines family. She is an extremely affectionate girl with a "butter wouldn't melt in my mouth" expression.

We are extremely excited about Viper's first litter in Australia to Raven and are expecting an all black/rust litter of puppies with excellent even temperaments, rich markings and exceptional strong bone.
