

At Bravadobe we aim to produce life time friends for family, obedience and show. With every litter, we strive to improve the breed in areas of conformation, health and temperament and as such we line breed where appropriate, utilize proven sires within Australia that compliment and strengthen our lines, import semen from other countries to improve in areas of health and purchase dogs from overseas after years of research to gain access to other attributes we are seeking for the breed ... always with the thought of making forward progress with our breeding program.

We don't believe in charging exorbitant amounts for either pet or show quality animals and this has allowed us to be very selective in choosing the best homes for our puppies. In the majority of instances, all puppies are sold well in advance and have found homes in all parts of Australia and overseas. Whether you are interested in a well bred family companion, a sound Dobermann to participate in dog sports or a serious show dog, we welcome your enquiry to see if we can assist you with your individual requirements.

We are extremely excited to announce the prospective mating between our multi best in show all breeds and best in specialty show winner Keno "Grand Champion Bravadobe Pure Anarchy (AI)" to the wonderful natured Tawny "Bravadobe Tear It Up".

Keno who was awarded Best Exhibit in Show at the 2010 National Dobermann Speciality in April 2010 over 186 exhibits from around the country, is a substantial and masculine compact brown male with a clean a powerful gait. Keno is the result of an artificial insemination (AI) by Miles "Am Ch Wyndem's Knights Quest" to our special girl Bliss "Champion Bravadobe Divine Destiny". We imported semen from Miles because of his excellent health statistics being vWD Clear, Thyroid normal and OFA Excellent, along with the magnificent pedigree that his breeding represents. Keno's mother Bliss was titled at 18 months of age and is the daughter of our top producing bitch Cherri "Champion Bravadobe Cherry Bomb WAC" and our multi Best in Show winning boy Chase "Grand Champion Dassin Cut To The Chase". This will be Keno's first litter, which is a line breeding on Chase.

Tawny who has been shown very sparingly was placed at both the 2010 National Dobermann Specialty and the 2010 Dobermann Club of NSW Specialty in a large and strong line up. Tawny is sired by Cruise "Grand Champion Bravadobe Fire At Will WAC" who himself is a best in show winner at both all breeds and specialty shows and was the Dobermann Club of WA's Top Show Dobermann in WA for 2007 and 2008. Tawny's mother is the beautiful natured Raven "Dassin Dark Angel" who is the daughter of grand champion parents, the 2003 Dobermann National winner "Grand Champion Alldobe Strike It Lucky ET" and Vino "Grand Champion Dassin Hill Ov Grace".

We are extremely excited about this union between Keno and Tawny which we expect a litter of both black/rust and brown/rust puppies with excellent even temperaments, powerful head turning movement and strong bone.
